REMARKS

Status Summary

Claims 1-36 are pending in the present application. Claims 1-36 have been allowed.

Drawings

The Examiner has stated that the drawings are objected to and must be changed because of the following: hand written labeling of elements and reference numerals of Figures 2, 4, 5, 6, 7a, 7b, 8a, and 9–17; inclusion of the labels “Fig. 3” on page 3 and “Fig. 15” on page 16; and the fonts used for labeling in Figures 4–9 and 12–17 are too small so as to make some of the labels illegible. These changes have been made to the drawings as indicated in the attached replacement sheets.

Specification

The Examiner has further stated that the abstract of the disclosure is objected to because of its length and the use of legal phraseology. Changes have been made to the abstract to address these objections as indicated by the amendments above.

CONCLUSION

In light of the above amendments, it is respectfully submitted that the present application is now in proper condition for allowance, and an early notice to such effect is earnestly solicited.

Serial No.: 10/810,981
